Caring is our only business and it shows as we carefully match your needs with the skills and availability of our caregivers.

***Short term or long term non-medical in-home care
is our specialty. Caring is our only business.***

Established in 1995, Carefree Homecare Companion Service was created because of owner/president Stephenie Hebert's devotion to caring for others in their own homes. Born and raised in Dublin, Ireland, Stephenie attended nursing school there. She became a US Citizen and brought her passion for caring to Scottsdale, AZ where she first began working as a caregiver. Soon she realized establishing a care service of her own was the best way to use her skills and dedication to assist others to remain at home; thus Carefree Homecare was born.

Our mission is simple. We are dedicated to understanding the needs and desires of older adults. Our skilled employees provide high-quality service and compassionate care to complement lifestyles and to enhance well-being.
